Mr. Kanovich,

I am pleased that the Looking at the Stars event was a success for you and Mr. Geniušas. I wish that my schedule had allowed me to attend. The feedback from Mr. Ling & Mr. Maloney was very positive. The recital was extremely well received and very much appreciated by the inmates of Beaver Creek Minimum Institution.

The Correctional Service Canada recognizes the benefit of community engagement in facilitating offenders' successful transition to society. Partnerships with community organizations such as yours are fundamental to a more effective and safe return of offenders back to the community as law abiding citizens.

Beaver Creek Institution would certainly be supportive of hosting Looking at the Stars again in the future. I wish you and Mr. Geniušas continued success.

Kindest regards,
